

Sheboygan Press Index – Sheboygan City and County

The Sheboygan Press Index began in 1940. The last entry in the manual catalog was December 31, 2008. Dates in parentheses indicate the time period the heading was in use in the manual catalog. * indicates current headings used in the online catalog. These entries are indexed on cards which are located in Mead Library's second floor Reference department. If you are interested in a topic in this index, you may call or stop in for more information.

Starting January 1, 2009 the Sheboygan Press is indexed in the Mead Public Library Easicat (online catalog). To search for articles in the The Sheboygan Press (that Mead Library has indexed) that were published beginning January 1, 2009, use the keyword search feature.

Major changes were made to the index in 1975 and 1996. In 1976 headings were merged into one, for example; Football (Sheb) and Basketball (Sheb) were indexed using the heading Sports (Sheb).

In 1996 headings were merged again, for example; Christmas (Sheb) and Christmas (Co) were combined and indexed using the heading Holidays-Christmas (Sc) and some headings were merged under the code (Sc), for example; Mental Health (Sheb) and Mental Health (Co) were indexed using the heading Mental Health (Sc).

Indexing individuals by name as headings for significant anniversaries and birthdays was stopped in the 1960s and were indexed instead under Anniversaries, Birthdays, and Centenaries. Only elected officials and some other exceptions are indexed by name, i.e.: James Baumgart, Russell Feingold, Carl Otte, etc.

The following codes are used to specify government division:

Sheb=Sheboygan
Co=Sheboygan County
Sc=Sheboygan & Sheboygan County

When there are headings for more than one of these divisions they are listed in the above order. Headings without codes are listed first.

See the *Sheboygan Press Index – Wisconsin* for articles about Wisconsin.
